COACHING, TRAINING & CONSULTING SERVICES

Are you a leader supporting a team in the virtual, remote or hybrid space?

Is your organization planning a transition to, or embracing a hybrid or 100% remote working model?

Join us for Potentials Realized's all new Leadership Development program designed with the post-Pandemic world of work in mind entitled **Leading From Any Space: Mastering the Art of Hybrid, Virtual and Remote Leadership**.

8

This cutting-edge program contains a series of **eight 2-hour, synchronous workshops** surveying a wide array of Hybrid, Virtual and Remote leadership topics, as featured in Reconnecting Workspaces, and Effective Virtual Conversations.

This program will give you the toolbox necessary to lead your team to success, steer your organization towards more flexible best practices, and support you as you begin to craft your business case or change management strategy towards a virtual, hybrid or remote workplace.

Each workshop has assigned relevant and practical intersession fieldwork to foster a continuous learning experience. All workshops can be delivered to meet your team and organization's unique organizational needs; on a flexible schedule and of course, from any space!

This program is ideal for hybrid, remote and virtual leaders in a vast array of industries and will particularly interest senior HR Leaders and executives capable of influencing upward organizational change management initiatives and policies.

Leaders who complete all eight workshops will receive a certificate of completion, which can be used for relevant professional development and credentialling.
